The Lukeion Project

www.lukeion.org - info@lukeion.org

As Lukeion founders, we spent over a decade working in the Mediterranean as archaeologists at sites like Abila (Jordan), Midea (Greece) and Troy (Turkey). We have designed this custom tour around the very best ancient Roman sites and so much more. We look forward to joining you on this adventure to Italy! We first opened our virtual doors in 2005 as online educators in Latin, Greek, history, and Classical literature. As a natural complement to these topics, we added tours to the Mediterranean in 2008. We specialize in providing the finest Classical education available outside elite college classrooms. Our courses are taught by experts who are passionate about ancient Greece & Rome.
